APPENDIX A

VERIFIERS STATEMENT OF POTENTIAL OR ACTUAL CONFLICTS OF INTEREST

Requirement to Submit a Statement of Conflicts of Interest: Before a Verifier begins any verification work for a Project, the Verifier must submit to a statement of any potential or actual conflicts of interest that may result from undertaking such verification work.

The statement shall include proposed steps that may be taken to avoid, mitigate or neutralize the potential or actual conflict of interest.

The statement shall be signed by the Project Owner. The statement shall also refer to any appearance of a conflict of interest that may arise even if this does not lead, in the opinion of the parties signing the statement, to a substantive conflict of interest. UCR Staff shall evaluate statements of potential or actual conflicts of interest on a case-by-case basis and make recommendations on an appropriate course of action.

The Verifier shall make full disclosure in writing to UCR immediately of any change in circumstances that may lead to the emergence of any conflict of interest in the provision of verification services. This disclosure shall include a description of actions taken or that will be taken to avoid, neutralize, or mitigate the actual or potential conflict of interest.

Circumstances that Present an Actual or Potential Conflict of Interest

- 1. Performance of the following services for a Project Owner or Seller <u>may result</u> in a conflict of interest for a Verifier wishing to provide verification services to that Project Owner or Seller:
- 2. Designing, developing, implementing, or maintaining a GHG emissions inventory.
- 3. Designing or developing GHG information systems.
- 4. Developing GHG emissions factors or other GHG-related engineering analysis.
- 5. Designing energy efficiency, renewable energy, or other projects which explicitly identify GHG reductions as a benefit.
- 6. Preparing or producing GHG-related manuals, handbooks, or procedures specifically for the project activity.
- 7. Appraisal services of GHG liabilities or assets.
- 8. Brokering in, advising on, or assisting in any way in carbon or GHG-related markets.
- 9. Management over health, environment and safety functions.
- 10. Legal and expert services unrelated to verification for UCR purposes.
- 11. Verifier and Owner share board members or senior management.
- 12. If there is a financial, functional or structural link (e.g. common ownership, contractual arrangement, or informal contract) between the parties, whether directly or through affiliated organizations (e.g. holding companies, parent companies etc).

Other factors that may constitute a conflict of interest include, without limitation: subsidiaries, formal partners, affiliates, etc.

Verifier/s must not be involved in any commercial, financial or other processes with the owner or aggregator of the project activity that might influence their judgment and render it not impartial or not objective.

Process for Evaluating Statement of Conflicts of Interest:

The statement must be sent to the UCR Program or the concerned department of the UCR via email displayed on the website. This statement is to be filled out by the Verifier.
